

AQ580

The AQ580 uses patented AirQ technology to diffuse Premium Scenting fragrance into the air.

This appliance is designed for commercial use to treat spaces directly, with various mounting configurations available. The integrated fan helps disperse the fragrance evenly across the space.

- One-touch, digital display is very easy to use.
- 50 intensity levels and timing options give you control.
- Perfectly scents spaces up to 850m³.
- AirQ™ droplets are 50 times smaller than a traditional aerosol.
