

Signature Inclusive Sanitary Bin

Designed for dignity in every cubicle

The Signature Inclusive Sanitary Bin is thoughtfully engineered to make every washroom more inclusive, hygienic and welcoming

Key features

- **Inclusive Design:** The larger waste tray accommodates period waste and incontinence items, including bulkier products like incontinence products.
- **Adaptable Operation:** Choose from Manual, No Touch or Pedal options. Our unique interchangeable pedal design allows for the bin to be installed on either side of the toilet.
- **Discreet Operation:** Its space-saving profile fits neatly into modern cubicles, whilst an enhanced modesty flap keeps the contents out of sight.
- **Future-Ready for Every Washroom:** The single and adaptable solution is designed for male, female, unisex and accessible washrooms, making it the perfect choice for all premises.

Benefits

Economic Value

Helps to avoid costly blockages

Environmental

Ireland is working to meet EU targets for recycling and diverting waste from landfill.

Health and Hygiene

Hygienic disposal of offensive waste eliminates the health risks from cross contamination

Image

Shows you care about the welfare of your employees and visitors

Legislation

Ensures you comply with your obligations under the Workplace Regulations and the Environmental Protection Act

User Experience

Provides a discreet and pleasant user experience

Pedal Installation

Step 1: Orient the pedal

Determine whether the bin will sit on the left or right side of the toilet

Turn the bin upside down

Place the pedestal on the underside of the bin

Place the pedal to correspond with the chosen side - the pedal will click into position

Step 2: Attach the pedal

Screw the assembled pedal to the base of the bin

Additional Information

Recommended product location

- Place unit inside cubicle, next to the toilet or within easy reach of the toilet with the opening facing towards the toilet
- If using pedal, ensure pedal is located towards the front of the toilet (at the end closest to the user)
- Can be wall mounted. If wall mounted, measure 36.5 cm from the ground to the screw hole. This leaves 13 cm under the bin for cleaning

Service elements

- Units serviced by Initial

Duty of Care Legislation

- Sanitary waste should be contained safely and disposed of by an authorised company
- Businesses must use a disposal company with licensed transport for recovering controlled waste
- When controlled waste is transferred, correct documentation describing relevant detail is required
