

## Product Data Sheet - Signature Lite

# Initial

## Signature Lite - Feminine Hygiene Unit 17.5L

Our feminine hygiene service provides you with the peace of mind and confidence that your environmental and legislative concerns are taken care of. Helping you to provide users with a safe, discreet, easy to use and hygienic solution, offering them complete reassurance whilst using your facility.

### Key features

- No touch operation provides superior hygiene protection for the user
- Integral antibacterial technology - improving surface hygiene and helping prevent the spread of germs by inhibiting the growth of bacteria
- Surface specifically designed to enhance hygiene standards and help make cleaning easier
- Ergonomically designed to ensure it is practical and comfortable to use
- Sleek, contemporary design
- Biofresh inside every unit to eliminate unpleasant smells
- Modesty flap for discreet disposal and prevention of exposure to contents
- Quiet, reliable operation for hygienic, discreet use

### Benefits

#### Economic Value

Avoids costly blockages

#### Environmental

We send as much waste as possible to waste-to-energy initiatives to minimise the amount going to landfill

#### Health & Hygiene

Hygienic disposal of offensive waste eliminates the health risks from cross contamination

#### Image

Shows you care for your employee and visitor welfare

#### Legislation

Ensures you comply with your obligations under the Workplace Regulations and the Environmental Protection Act

#### User Experience

Ensures women have a discreet, pleasant to use facility
